

Only Me

The Everly Brothers

Where is that part of me
That keeps me from the precious things I feel
Where is the heart of me
Who am I
Where are those special wings
Oh that fly me to the world that's in your eyes
I see it waiting there
Where am I
Where are those open doors
That let me in and never lose the key
Oh that's where I should be
Next to you
Where is that dream of me
That used to seem so wonderful oh and real
Oh that's what I should be
Only me
