

Who's to Be the One

The Everly Brothers

Who's to be here by my side
When I'm all alone
Who's to be here to sympathise
Who's to be the one
Who's to make my dreams come true
When my sleep is done
Who's to keep me from being blue
Who's to be the one
Who's to share my heartaches
Who's to calm my fears
When the world has hurt me
Who will share my tears
Who's to take me by the hand
And say their love I've won
Who's to be here to understand
Who's to be the one
Who's to be the one
