

Dutch disease

The Ex

Dutch no-nukes movement
Peaceful demonstrators
Powerplant-blockage?
They just sit and wait
Dragged away by cops
Nearly no resistance
There's only their flowers
In the barbed wire
Resistance in love and peace
Authorities are very pleased
They call it 'a fair game'
That have never been the aim
Dutch no-nukes actions
Make only one thing clear
Dutch disease or cancer?
Authorities won't answer
The dutch disease won't be cured
It spreads it's germs around
The nuclear lobby's lying
Maybe that's why bricks are flying
Don't fall asleep at the gate of your
Local nuclear powerplant
You'll wake up with the pacifists
In a concentration camp
