

## Kickout

## The Exies

Forget myself on your command  
To find you there from where I stand  
To lose myself in you

So, I kickout  
I kickout  
Before you cage me  
I'm shot down  
I'm shot down  
'Til someone saves me  
'Cause I don't know how much more  
That I can take  
And I kickout  
I kickout  
Before you cage me

I curse all those  
Who we sold in  
If someone's there  
Won't you send for help  
Before I blah

Blah, I kickout  
I kickout  
Before you cage me  
I'm shot down  
I'm shot down  
'Til someone saves me  
'Cause I don't know how much more  
That I can take  
And I kickout  
I kickout  
Before you cage me

I won't be around  
For you to drag me down

So I, I kickout  
I kickout  
Before you cage me  
I'm shot down  
I'm shot down

I kickout  
I kickout  
Before you cage me  
Before you cage me  
Before you cage me
