Cause we're coming...  
Into all these towns  
So please let us know...  
If you are down  
To rock this reggae music  
That makes you feel alright  
Then move to this bass  
That we're droppin all nite  
And the sounds from the guitars  
All over the place  
And the beat from the AP  
That makes your body say?  
So come on malibu  
We've been payin our dues  
Come on malibu  
Do you got something to prove  
And do you got something to proooove

Whoooooaa whoa  
And do you got something to proooove  
Hnnnnnnnnnnnnn hnn  
And do you got something to proooove  
So malibu malibu  
Tell me what you gonna do  
Malibu malibu  
Tell me what you gonna say  
Malibu malibu

Now we are tired of this bullshit  
Why you got to act so rude  
You make us \_\_\_\_ that we are the \_\_\_\_\_ from santa cruz  
But we cant deny we got to check out the place  
We started with the peace but you delivered all your rape  
But the little \_\_\_\_ courage \_\_\_\_ to grow our hate  
Cause fucking with this family ya best not participate  
The chilltop family on this world wide rage  
Delivering SC music so sweet you can taste  
And do you got something to prove  
And do you got something to prove  
And do you got something to prove  
So malibu malibu  
Tell me what you gonna do

Malibu malibu  
Tell me what you gonna say  
Malibu malibu  
Tell me what you gonna do  
I said Dub It! you got to appreciate
