

## Tight Squeeze

## The Expendables

Tight squeeze  
Cool breeze  
This is something that  
Will never let us down  
Were about to embark on a  
Life long journey  
Foundation set  
All in bet  
So fire off those pistons  
A thousand people listening  
To the message we convey  
So up this pivotal peak we climb  
Don't remind me just blind me  
From how far we may fall  
We got to make sure not to stand too tall
