

## Out Tonight

## The Explosion

We're gonna go  
What ya gonna do  
We're goin' out tonight  
Runnin' through the streets like hooligans  
We can see the morning lights  
Kickin' down the door  
To every corridor  
We're gonna clear a path  
Better get out of the way  
'Cause we're comin' through fast  
We have got to fight  
To keep this party goin' all night  
100 beers in me that is the plan
