## **Bad Luck Charm**

## **The Eyeliners**

You say you shouldn't come around Everything turns upside down When you first walk into the room

Where you go bad luck abounds Black cats follow you around Broken mirrors lie shattered on the ground

[Chorus] Bad luck charm - you know it's true Bad luck charm - what can you do? Bad luck charm - you know I think you're cool

You say you're in the way That maybe you should stay away And then everything would be okay

I'd much rather that you'd stay And hang out with me everyday I wouldn't have it any other way

[Chorus]

They say you shouldn't come around Everything turns upside down When you first walk into the room

Where you go bad luck abounds Black cats follow you around Broken mirrors lie shattered on the ground

[Chorus]
