

## Secret Spy

## The Eyeliners

He wanted to live the  
Life of an undercover  
Spy  
New faces, dangerous  
Places and suspicious  
Eyes  
He's gonna take his  
Girl to the classy part  
Of town  
Top down in his MG  
Car  
He's the big man in  
The town

Deny any  
Involvement  
Because they're closing in on you  
Sneaking out  
Incognito is the one  
Thing you can do

He was a witness  
To some business  
Going on downtown  
On the other side  
He's catching bad guys  
And dodging drive-bys  
Just another day in the  
Life of a secret spuy  
Across the corner  
You might see him there  
Looking very casual  
But he's dressed to kill  
Danger surrounds him  
But he'll survive  
Wing-tips, white shirt  
And his lucky black tie
