

## The Real You

## The eyes of a traitor

From the bottom of my heart  
I hope you find what you`v been  
Looking for  
You deserve it like no other  
Like no other would

Its all to little to late  
Fuck fate  
Where did it all go  
Was it destined for this  
Fuck fate  
Where did it all go wrong

Dreams of the past they wont last  
Truth  
Would I be better off or just  
Clueless I`m ruthless  
What I gotta do to prove this

That day I broke your heart I broke mine to  
I`m love lost with nothing to loose  
But everything to prove  
Imagine the pain

This aint no sugar coated apology  
More like a rail road`ed dive for  
Dive for forgiveness

Where did you all go wrong
