

Powerful Stuff

The Fabulous Thunderbirds

She walks down the street a-knockin' 'em dead
Store window dummies even turn their heads
Sho' 'nuff, powerful stuff
When I saw her I burned my black book
Made a blind man take a second look
Sho' 'nuff I think I'm in love
And that's Powerful Stuff

Naugahide skirt, black stacked heels
Red copper hair, dig the wig it's unreal
Sho' 'nuff, powerful stuff
Ole man Atlas holding up the world
He'd drop everything for that girl
Sho' 'nuff. I think I'm in love
And it's Powerful Stuff

Her hip shakin' whip snakin' cooked my goose
I tell you that babe she's a fine papoose.
I love her mind, but here's the deal
She's got the kind of girl who rides the manmobile

She opens up her eyes and turns on the juice
Pullin' like a magnet and she don't turn loose
Sho' 'nuff, powerful stuff
When she starts rockin'
don't touch that dial
She's a hundred-mega-kilowatt
Woman child
Sho' 'nuff I think I'm in love
Think I'm in love-I think I'm in love
And that's powerful stuff
