

## Two Time My Lovin'

The Fabulous Thunderbirds

Baby, baby, you put the hurt on me  
'Cause I was blind and just couldn't see  
But all these rumors that are floating around  
Make this big city a very small town  
I found out you've got somebody else  
But I love you, baby, and I just can't help myself  
I can't let you go, it's plain as day to see  
I'm gonna have to let you two time me  
You can two time my lovin'  
Second hand love is better than none  
You can two time my lovin'  
Just come home when you've had your fun  
You can two time my lovin'  
Second hand love is better than none  
You can two time my lovin'  
Just come home when you've had your fun  
After all everybody has their fun  
Nobody feels like they are beholding anyone  
They don't feel there's no more lessons to be learned  
But when you rub two people together  
Somebody's got to burn  
But if you love somebody with all your might  
You might have to fuss, you might have to fight  
Resign yourself, there's nothing you can do  
You're gonna have to let 'em two time you  
You can two time my lovin'  
Second hand love is better than none  
You can two time my lovin'  
Just come home when you've had your fun  
But if you love somebody with all your might  
You might have to fuss, you might have to fight  
Resign yourself, there's nothing you can do  
You're gonna have to let 'em two time you  
You can two time my lovin'  
Second hand love is better than none  
You can two time my lovin'  
Just come home when you've had your fun  
You can two time my lovin'  
You can two time my lovin'  
You can two time my lovin'  
You can two time my lovin'  
Two time my lovin'  
You can two time my lovin'
