

## Prison Born

## The Faceless

Lower life forms kept from their senses  
Third dimensional imprisonment  
Psychological tactics enforcing thralldom

Generations of conditioning  
Hereditary indoctrination of the youth  
Breeding disconnection

A perception of right and wrong installed by an unearthly party  
with agendas of control  
Never to be questioned

Too blind to see that we are prison born  
Programmed to hate and fear

Disconnected consciousness  
Lives dictated by ignorance  
Cowering in fear of their dogma

Generations of conditioning  
Hereditary indoctrination of the youth  
Breeding disconnection

We are bound to a state of physical dimension  
Never to move beyond and break free from the prison born
