

And This Day

The Fall

Everywhere
Everywhere
Everywhere
Everywhere

And this day
No matter what and never who fills baskets or who's just there
You show me the bloody poor bores
You show me the bloody poor bores
And this day
And this day
The surroundings are screaming on the roads
The surroundings are screaming on the roads
So you even mistrust your own feelings
And this day
And this day
And this day
No matter what and never who fills baskets or who's just there
The whole Earth shudders
And this day
And this day
Everywhere just no fucking respite for us here,
And this day
Who are the translators?
And this day
And this day
And this day
Seen from a bottom glass phutt cig
And this day
The old feelings came back
Everywhere just no fucking respite for us here
And this day
And this day
The whole Earth shudders
The surroundings are screaming on the roads
You even mistrust your own feelings
And this day
The old feelings came back
Big fat skinful s-plug s-mart
And this day
The old feelings came back
Everywhere just no fucking respite for us here

And this day
And this day
No matter what and never who fills baskets or who's just there
Who are the translators?
Who are the translators?
The body's like a US football player's
Blades make presence felt
Worked 3 weeks nearly full solid

And this day
And this day
My shoulder feels like it's got a and it it will soon heal up
And this day
The old feelings came back

Everywhere just no fucking respite for us here
And this day
The whole Earth shudders
The surroundings are screaming on the roads
The surroundings are screaming on the roads
You even mistrust your own feelings
And the greyer be -1 Glandel area
Who are the translators?
Who are the translators?

And this day
The old feelings came back
Take a area
Big fat skinful s-plug s-mart brain slag
And this day
And this day
And this day
And this day
And this day

And this day
And this day
And this day
And this day
Everywhere
Everywhere
Everywhere
Everywhere
Everywhere just no fucking respite for us here
