## **Cloud of Black**

Its stifled Its jealousy Plots behind my back Are all in it Cloud of black Cloud of black North west territories Wake up pressurized Every day In low lying lands The sight every day Is cloud of grey (Take me back to the old east baby) For silver eyes (Cloud of grey) Lasering my back Cloud of black Wake up mesmerized (Crumbling in the skies) Wake up mesmerized Crumbling in the skies See a cloud of white See a cloud of white See a cloud of grey See a cloud of black Cloud of white Cloud of white And I'll have it in a cold glass please And not a red hot one Cloud is gone Cloud is gone Cloud of black Cloud of black
