

## Hurricane Edward

## The Fall

Awake at 5am  
Mr Hughes was right in retrospect  
He knew the climate  
I was a farm hand in Ross County  
Then he came  
The Hurricane

This cleanliness won't take your brass  
Mr Greaves was right in retrospect  
He knew this climate  
I'm not an ordinary guy  
Am I?  
I held yellow thick ropes  
So died before him  
I was a farm hand  
Then came  
Hurricane  
Then came  
Hurricane  
Asleep at twelve thirty  
In cosy cots  
I get up early  
I plough the land  
Then came  
Hurricane  
My ears are rushed  
My ears are rushed  
There are characters in my brain  
Hurricane rushed  
Come at will  
(jeers)

I was always awake from 5 am  
Mr Hughes was right in retrospect  
He knew this climate  
Ross County town  
Bank is closed  
Then come  
Hurricane
