

Last Orders

The Fall

Everybody's telling me to listen up
They're trying to run my life for me
I'm gonna tell I'll tell 'em
Their term's up

They've just given me their
Last orders (4x)

Everyone's in prison or in the army
All sincere, all phoney
Reading all the books, taking in the news

They've just given me their
Last orders (4x)

I don't dig their dead-end options
I'm not hurt by their rejections
I'm no sell-out, and they've found out

They've just given me their
Last orders (4x)

Everybody's telling me to listen up
They're trying to write my life story
Joke's on them
It's the end of the rap

They've just given me their
Last orders (4x)
