

## Pearl City

## The Fall

In Pearl City  
Pearl City  
No-one knows, no-one cares  
about your world of stocks and shares

I don't need no riding crop  
I don't need no roundabout stop

You're welcome to Pearl City

See the bank  
Bright white trains  
You old coots  
retired early

At Pearl City  
In Pearl City

Cappuccino and a slice of quiche  
It's salad for the new educated 'teach'  
Everything is gonna work out fine  
They're sleepin' us in the lec-lecturer line  
In Pearl City

In Pearl City

Ye over-counter drugs  
Have left you totally bushwhacked

In Pearl City

We asked Vauxhall drivers  
what they wanted from a garage  
Did ya? Did ya?

At service center on the rock

Pearl City

I don't need a bird beggin at my knees  
I don't need no riding crop  
I don't need no roundabout stop

(Are you on the ball?)
