

Telephone Thing

The Fall

I hear you Telephone Thing listening in
I hear you Telephone Thing listening in

How dare you assume I want to parlez-vous with you?
 Sorry to be so short with you
 But I'm tapped
 But I'm tapped

I hear you Telephone Thing listening in
I hear you Telephone Thing listening in

The use of and your smug advertisements
of your tendrill ocean bed achievements does not
justify your abuse of privacy piracy act

I hear you Telephone Thing listening in
I feel you Telephone Thing listening in

How dare you assume I want to parlez-vous with you?
You Gretchen Franklin nosey matron thing

I hear you Telephone Thing listening in
Sense you
I hear you Telephone Thing listening in
How dare you assume I want to parlez-vous with you?
You Gretchen Franklin nosey matron type

Does the Home Secretary have the barest faintest inkling of what's going down?

I hear you Telephone Thing listening in

I hear you Telephone Thing listening in

The use of and your amug advertisements
Of your tendril ocean bed achievements does not justify your abuse of privacy piracy act

I hear you Telephone Thing listening in
I do you Telephone Thing listening in

How dare you assume I want to parlez-vous with you
You Gretchen Franklin thing

I hear you	Telephone	Thing	listening in
Sense you			
I hear you	Telephone	Thing	listening in
