

Theme From Error Orror

The Fall

The commerce is over
Peace is the plan
I wonder how long will it last
When Izzy and Bizzy and Boney(?) began
We wondered how long they would last

Chuff had a cough
And cold in his snout
Letter

Horror Error
Error Horror
Horror Error
Horror Error

Man's prog fanatic
Or as Italians say it:

Error Orror
Error Orror

Please take our free morons
and give us all worship

And with ... Shakespeare...

Horror Error
Horror Error
Horror Error

Give them our hybrids
Give us the birds
What they moan on about
The hypocrites could not scare them, son
I will take the Shakespeare
Error Orror
