

Wrong Place, Right Time

The Fall

Wrong place right time
I used to think I could do what I wanted to
Right time for me alone
Walk the streets of complete full homes

Wrong place, but I'm bound
To stick with what I intend to see through
See you, in wrong place
Right time but there's miles in between

I keep on knocking but there's no bopper in
I have to sing Gothic, boo hoo

See me, a new reign
A new reign not to be forgotten
Right place, right time
Right time and Britain is mine
That day, on way
And all peasants will know Oranj

Peasants smile: big shine
Very happy under rule of Oranj
You can whine under rule of Oranj

Says I bastard
He is deranged, I am William of Oranj
Go insane in Holland!
I can't wait to taste anthrax turf again
Big Wren: homage Oranj
I an Oranj I have paid dues to the one
Who's number one in heaven
As in Heaven so in Britain
(By Oranj I am Oranj I am one)

Can't dance can't sing
Cursed forever is William of Oranj
Can't dance can't sing
Cursed forever is William of Oranj
Can't dance can't sing
Cursed forever is William of Oranj
Can't dance can't sing
Cursed forever is William of Oranj
Cursed forever is William of Oranj
Cursed forever is William of Oranj
Cursed forever is William of Oranj
Cursed forever is William of Oranj
