

Very Emotional

The Farm

I open my eyes and what do I see
Four walls staring at me
Will you ever remember
Will you ever remember

I'm thinking of you all the while
To see your face and see your smile
Stand by me while I'm away
Stand by me for another day

Very, very, very emotional
(Don't you ever go away)
Stay free, stay free, stay free
All of your days

You make me happy you make me smile
I wanna be with you all the while
Will you ever remember
Will you ever remember

Very, very, very emotional
(Don't you ever go away)
Stay free, stay free, stay free
All of your days
Very, very, very emotional
(Don't you ever go away)
Stay free, stay free, stay free
All of your days
