

## Lions

## The Features

You might find yourself angry at the things I do  
Things I put you through  
Hope you're able to forgive me like I forgive you  
I forgive you  
Aww girl what are you thinkin'?  
I'm thinking that we... ooh... should stick together  
I reckon that we... ooh... should follow our hearts  
Let's stick together  
Let's follow our hearts  
Not even lions can tear us apart

I'm lookin' for answers  
Some kind of relief  
Some kind of salvation to make it all complete

Aww girl what are you thinkin'?  
I'm thinking that we... ooh... should stick together  
I reckon that we... ooh... should follow our hearts  
Let's stick together  
Let's follow our hearts  
Not even lions can tear us apart

Let's stick together  
Let's follow our hearts  
Not even lions can tear us apart

Aww girl what are you thinkin'?
