

Phase Too

The Features

So you found
Something more
Than anyone has heard.

It's a sound
So profound
You can't describe with words.

So every time
You're first in line
For a new.
Good for you.

What's that you say?
Send it away.
Now you're through,
And that'll do.

Now you know
Where to go
To step into a scene

Play the part
Break some hearts
Life is but a dream

So every time
You're first in line
For the new.
Good for you.

And what's that you say?
Send it away.
Now you're through,
That'll do.

This is temporary,
Seems to
Happen every time you
Find another thing to
Replace the other.

Why are
You so very fickle?
It's just another phase too.
It's just another phase.
(shoo, baby!)

It's just another phase too.
It's just another phase.
I hope you find what you're looking for
I hope you find what you're looking for
(shoo, baby!)

You gotta get...
Ahhhhh... so fickle!
What's wrong?
I hope you find it.
It's just another phase too
