

## Communicate

## The Feelers

These other worlds are uncharted  
More than a little down hearted  
It's an open invitation  
To this diamond gold imitation show but  
Everything is going to be alright

We communicate  
Without any style  
I hope it's not too late  
To sit and talk for a while  
Come out of your cage and talk to the stars

Another standing ovation  
Another dodgy location  
Its a goldfish situation  
Yeah im stairing out at the world  
Everything is going to be alright cos

We communicate  
Wthout any style  
I hope it not too late  
To sit and talk for a while  
Come out of your cage and talk to the stars

yeah...

We communicate  
Wthout any style  
I hope it not too late  
To sit and talk for a while  
Come out of your cage and talk to the stars

And everything is going to be alright cos  
We communicate  
Wthout any style  
I hope it not too late  
To sit and talk for a while  
Come out of your cage and talk to the stars

yeah...

We communicate  
Wthout any style  
I hope it not too late  
To sit and talk for a while  
Come out of your cage and talk to the stars
