

## Space Cadet

## The Feelers

Space cadet or space boy  
One and the same  
Sandcastle or sand toy  
They're all just games

And the sky was on fire  
I was burning up there  
Ooo ho  
And the world was alive  
It's on top of that world  
It's on top of that world  
Yeah ha

Face pretends or fame brains  
That all hide in shame  
Figurines or mayor reigns  
They're all to blame

And the sky was on fire  
I was burning up there  
Ooo ho  
And the world was alive  
It's on top of that world  
It's on top of that world  
Yeah ha

And the sky was on fire  
I was burning up there  
Ooo ho  
And the world was alive  
It's on top of that world  
It's on top of that world  
Yeah ha
