

Away

The Feelies

Over in the corner
Causing a commotion
Driving me away
Driving me backwards
Baby's getting uptight
Listen to her holler
Listen to her heartbeat
Really getting louder

Burning with desire
Taking me higher
Taking me away
Set me on fire
Messing my mind up
Blowing my mind out
Blowing me away
Taking me away

Away

Going round in circles
Here we go again
Really going nowhere
Really going nowhere
Now we're really in deep
Now we're really in deep
Blowing me away
Taking me away

Away
