

Doin' It Again

The Feelies

She's doin' it again
She don't really mean it
Try and understand
She don't really mean it
She's driving me crazy
What's it all about?
You know it won't be easy
Gotta work it out
Gotta work it out

It's like a devil inside
Some kinda major disaster
Or it's just a state of mind
And it really don't matter
She's driving me crazy (doin' it again)
She's troubled in life (doin' it again)
You know it won't be easy (doin' it again)
Look behind the lies (doin' it again)
Look behind the lies

Doin' it again
Oh no

Doin' it again
