

For Awhile

The Feelies

Taking your time
Get a little older
All the possibilities
Weigh down on your shoulders
Such imagination
I'm getting to the heart of it
It's about life
Trying to make the most of it
Whoa-o-o

For now
Find a way
It's not hard
It's automatic
For a while
Anyway
For a while
Anyway

It's about time
You take a little part of it
The weight of the world
Gonna get used to it
It's about love
Fall into the thick of it
But it's alright
Yeah it's alright
Whoa-o-o

For now
Find a way
From the heart
It's automatic
For a while
Anyway
For a while
Anyway
For a while
For a while
