

Higher Ground

The Feelies

On my way
Heading down
Time to find
Higher ground

In your arms
In my dreams
With you there
With you there

Be my light
By my side
If you dare
Be my guide

On your way
Try to find
Higher ground
For all time

On your way
Find your way
In the light
Hey hey hey

Be my life
By my side
If you dare
Be my guide
