

The Final Word

The Feelies

Hold me up
When I'm down
Lift me up
From the ground

The road will wind - You go along
Take my hand - It's alright
Not hard to find - You go along
It's in the plan - It's alright

Don't you turn back
Yeah it's alright
There ain't nothing in the way

Feed your head
Make up your mind
Be yourself
Don't stand in line

The final word - You go along
To be heard - It's alright
Spoken clear - You go along
Every word - It's alright

You take it easy
Yeah it's alright
Don't let it slip away

Be yourself
Be yourself

You go on - It's alright
You go on - It's alright
