

## Too Much

### The Feelies

How come you get so excited  
Your soul so ignited  
Can't make compromises  
Can't wait for the surprises

You got a ways to go  
There's so much to know  
Got a ways to go  
Too much to know

Why not forget about it  
I know, no you can't help it  
Never let down your armor  
Just gotta try a little harder

You got a ways to go  
There's so much to know  
Got a ways to go  
Too much to know

You got a ways to go  
You got a lot to know  
You got a ways to go  
So much to know  
You got a ways to go  
There's so much to know
