

Too Much

The Feelies

How come you get so excited
Your soul so ignited
Can't make compromises
Can't wait for the surprises

You got a ways to go
There's so much to know
Got a ways to go
Too much to know

Why not forget about it
I know, no you can't help it
Never let down your armor
Just gotta try a little harder

You got a ways to go
There's so much to know
Got a ways to go
Too much to know

You got a ways to go
You got a lot to know
You got a ways to go
So much to know
You got a ways to go
There's so much to know
