

# I Want You Now

## The Feeling

It's never gonna work, I don't know what I'm doing in here  
My evenings go berserk every time your voice gets near  
But when I get under control, I see you ache for it and all  
I've got some sugar for your bowl  
I've got some lemon for your soul  
Some twinkle for your eyes, I  
Getting sick of being just alone

They think it's not right, fine  
Each to their very little own

I want you now, I don't care how  
We're both too young to be sitting around  
I want you now, I want you now  
You make me sure, you make me live  
And that's worth more than I ever could give  
I don't know how, I want you now

So Timmy goes to school and Timmy goes to work all day  
But we just hang around and think of clever things to say  
You deserve to get your wish  
But you don't know what it is  
First it was that and now it's this  
But there's one thing that you missed.

Together we'd be fine, fine  
At least we can say we won't be lonely

Fine, Fine, I never want to be alone

I want you now, I don't care how  
We're both too young to be sitting around  
I want you now, I want you now  
You make me sure, you make me live  
And That's worth more than I ever could give  
I don't know how, I want you now

I want you now  
I don't care how  
We're both too young to sit around  
I want you know

Yea Yeah, Yea Yea Yea Yea

I want you now, I don't care how  
We're both too young to be sitting around  
I want you now, I want you now  
You make me sure, you make me live  
And That's worth more than I ever could give  
I don't know how, I want you now

Yea Yea Yea Yeah
