

## Ambulance Man

The Felice Brothers

Here comes the rain  
Making my skies cloudy again  
There goes the tide  
There goes my heart, burning alive

This was an old rodeo  
In the long ago  
Now it's a burning ring of fire  
Turning my bad desires

Here comes the rain  
Hounding old coney island again  
Here come the sharks  
Tearing my good neighbours apart

Where is that old movie screen  
That my eyes have seen  
Where are your warm summer winds  
Where's my lover been

Ambulance man  
Please let me ride  
I'm at the end  
Ambulance man  
I'm at the end

Here comes the rain  
Making my bones quiver again  
Here come the freaks  
Tearing the children from their seats

That's where the turnstile had been  
Where we'd all file in  
Now it's a burning ring of fire  
Turning my real desires

Ambulance man  
Please let me ride  
I'm at the end  
Ambulance man  
I'm at the end tonight
