

Brave

The Fixx

Brave (brave), so beautiful
So wonderful
A spirit running free towards me
Brave, beautiful
It's wonderful
Right in front of you is where you find

What became of you
You know those childhood dreams
What life's done to you
You should cherish every scar
Will you see it through?
A gift for every bruise awaits you
Can't you see that you're still that little boy?
Whoa oh whoa

Brave, so beautiful
Wonderful
A spirit running free towards me, oh
Brave, wonderful
Little boy
A child inside of me is waiting
Brave (brave)
The great unknown
Will the dog eat the bone?
Wonder where the key to life is

And what became of you?
You know those childhood dreams
What life's done to you
You should cherish every scar
Will you see it through?
A gift for every bruise awaits you
Can't you see that you're still that little boy?
Oh whoa oh

Brave
It's the great unknown
The spirit running free, oh whoa oh
Brave
Little boy
So full of joy
The child inside of me is waving
Brave
At the great unknown
Help the dog find a bone
Wonderful
Find out where the key to life is
Brave
Beautiful
It's wonderful
Spirit running free
Running free
