

Garden Of Dreams: All You Can Save

The Flower Kings

I'll conduct a Circus out of nowhere
I'll create a Kingdom out of dust
No matter how clever, I won't stay forever
A smile, then I'm gone with the wind...

She'll host all the Gardens all of splendour
Treasure all the diamonds and of gold
The fruits of their labor, you know know it won't save
Her
The day when the ship comes... by,

Bye, it's no use to cry
You're feeling so sad, but you don't know why
You're leaving home and you're leaving alone
To sail the sea of eternity
All you can save is the love that we made
When you're lost in the shades again...

We'll taste all the sweetness all of summer
We'll dream of all flowers, of all spring
Now seeing ourselves, you know I can't help
Feeling small when our lives rushing... by

Bye, no sue to cry,
Feeling so sad, but you don't know why
You're leaving home, leaving alone
To sail the sea of eternity
All you can save is the love that we made
