

# In The Eyes Of The World

The Flower Kings

If I don't wake up by tomorrow  
If I don't work one more day  
If this is my hearts final beating now.  
Here is to you what I'd say  
Never listen to tales from the high wire  
Hear my flute that I played in your ear

I'm just a clown in the eyes of the world  
Guess I'm a clown in the eyes of the world

What do you see in the crystal ball  
Now, what may com in my way?  
Tell me the truth do you love me?  
Cause I haven't come here to play  
Never listen to voodoo tongue teachers

I'm just a clown in the eyes of the world  
Guess I'm a clown in the eyes of the world

I'm a clown, I'm a clown in the eyes of the world  
I'm a clown, I'm a clown in the eyes of the world

Some may say I'm a loser  
Some may say I'm a sinner  
Work my way like a bulldozer  
Twist my day for a change  
Just feel the love that I placed in your heart
