

Sword Of God

The Flower Kings

It takes no muscle, it takes no mind
to see it clearly, what lies behind

it takes no jury, it need no court
this walking justice will walk thru doors!!!

It's the angels, It's the angels
kissin' goodbye with a kiss of fire
It's the righteous soldiers,
soaring, sweeping,
swinging the sword of god's mercyful hand!!

it takes no lifestyle, don't need no Klan
see we're all naked right at the end

One walk beside me on squeaky floors
One holds he wolves back, back from my doors

It's the angels, It's the angels
kissin' goodbye with a kiss of fire
It's the righteous soldiers,
soaring, sweeping,
swinging the sword of god's mercyful hand!!

It takes no jury
it needs no court
this walking justice
will walk thru doors!!!

It's the angels, It's the angels
kissin' goodbye with a kiss of fire
It's the righteous soldiers,
soaring, sweeping,
swinging the sword of god's mercyful hand!!
