

The Navigator

The Flower Kings

A time of learning from time again
uncover the past mistakes
A way to freedom thru education
is real, so the prophet speak

Using the new love to navigate
thru a dark and confusing time
Leave no room for the sinister
Giving in to hate is a crime

Freedom is more than the right to speak
so first out make up your mind
Out of the isolation tank
and put your ear to the ground

While some say "love is all you need"
and some try to buy the world
All are waiting for the act of kindness
so start out by DOING GOOD.
