

You Don't Know what You've Got

The Flower Kings

I'll stay forever true to you
Your velvet touch makes me feel brand new

I don't wanna wait until tomorrow
You don't know what you got until it's gone
I wanna put an end to all the sorrow
You've done me wrong

Let's drift away on the ocean
Sail away into the night
Let's live just for the moment
Cause you don't, don't know what you got until it's gone

In the morning I sense the light
I'll sacrifice all I got before the day turns to night

I don't wanna wait until tomorrow

(But now I'm) flyin' in a purple sky
Tryin' to find the truth in the corner of your eyes
I found out I'll never walk alone
Cause you don't, don't know what you got
