

Mother's Song

The Flys

Don't ask questions
Beg forgiveness
Make ammends
Walk don't run
Gooooood its gettin hard to breeeeeeeathe
Remember mother's song
I remember mother's song
I remember mother's soooooooooong

Do you hear me noooooow
Do you hear me noooooooooooooow
Moooooooootherrrr

Learn your lesson
Make decisions
Poke holes on the top
So I can breathe
Keep the lid on tight
(tonight)

Remember mother's soooong
(oooooooooh)
Remember mother's soooooooooong
(oooooooooooooooooh)
Remember mother's soooooooooooooooooooooooooong

I remember mother

I remember mother
Remember mother
I remember motheeeeer
I remember mother
Remember mother
I remember motheeer

On an isle that's far way
There's a place I long to play
On a magic singing street
I know more than u can know
But u never ask to hear
So my voice is gone away
It's been muted by my tears
Yeah - ooooh mother

I remember mother
Remember mother
I remember motheeeeer
I remember mother
Remember mother
I remember motheeer
Haha
I remember mother
Remember mother

I remember motheeeeer
I remember mother
Remember mother

Do u hear me now
My mother, my mother
Do you hear me now
Oooooohhhh mother
Oooooohhh mother
Oooooooohhh mother
