

She's So Huge

The Flys

So it's you
At my door
She is huge
She wore a taller man's height or more
If it fails me
Then it's love for sure

Cause I'm here cause I want to be
And I gotta be
And I'll stay
And I gotta be with you

I'm your food
Am I cake?
I'll have another plate of attitude

If it fails me
Then it's love for sure
Cause I'm here
Cause I want to be
And I gotta be
And I'll stay
Cause I want to stay
And I got to stay
And I'm here
Cause I wanna be
And I gotta be with you

She's so huge
She's so cool
So damn sweet
Her perfume's cheaper than her eyes are blue

But I'm here
Cause I wanna be
And I gotta be
And I'll stay
Cause I wanna stay
And I got to stay
And I'm here
Cause I wanna be
And I gotta be with you

She's so huge

She's so huge

She's so huge
