She's So Huge

So it's you At my door She is huge She wore a taller man's height or more If it fails me Then it's love for sure Cause I'm here cause I want to be And I gotta be And I'll stay And I gotta be with you I'm your food Am I cake? I'll have another plate of attitude If it fails me Then it's love for sure Cause I'm here Cause I want to be And I gotta be And I'll stay Cause I want to stay And I got to stay And I'm here Cause I wanna be And I gotta be with you She's so huge She's so cool So damn sweet Her perfume's cheaper than her eyes are blue But I'm here Cause I wanna be And I gotta be And I'll stay Cause I wanna stay And I got to stay And I'm here Cause I wanna be And I gotta be with you She's so huge She's so huge She's so huge
