

# Gravity

## The Fold

Let's start at the beginning of this story  
I was just a boy with nowhere to call home

There I was building houses on the sand  
I could see that I was only running circles in my mind  
It just goes on and on and on until it finally catches up to me  
Like gravity it takes me round and turns me upside down

That's when it all came screaming back

Just like gravity, what draws you to me  
Someone I didn't know I needed  
It's like gravity, and it's stronger than me  
I need you here

There you were in your perfection looking on  
You see that I can only run in circles for so long  
You just press on and on and on until you finally catch a grip  
on me  
Like gravity you take me down and turn me upside down

That's when it all came screaming back

Just like gravity, what draws you to me  
Someone I didn't know I needed  
It's like gravity, and it's stronger than me  
I need you here

When will you be able to see past your own hands?  
I'm taking down, empty pictures that we used to hold close, before you...

That's when it all came screaming back

Just like gravity, what draws you to me  
Someone I didn't know I needed  
It's like gravity, and it's stronger than me  
I need you here
