

Ska Show

The Forces of Evil

Hey, everybody lets go
Downtown to the ska show
There's a ska show some on let's go
LET'S GO!

I wanna dance, and sing
And forget about everything
Don't wanna fight, or cry
Just have some fun before we die

Was there ever any doubt?
That's what it's all about!
Hey, everybody lets go
Downtown to the ska show
There's a ska show some on let's go

Okay, alright, so we do it every night
It gets old, we get bored
But there's one thing we can't ignore

'Cause there's never any doubt
That's what it's all about!
Hey, everybody let's go
Downtown to the ska show
There's a ska show some on let's go

If we don't have fun
Then what are we living for?
If we don't have fun
Then why are we here?
If we don't have fun
Then what are we living for?
If we don't have fun
Then why are we here?

I wanna take a chance and there's one thing more
Have a good time all the time it would be fun
It would be fun!

Hey, everybody let's go
Downtown to the ska show
There's a ska show some on let's go
