

## Vague Love Song

The Forces of Evil

Went so fast I can't believe it  
One day here the next they leavin'  
I just never thought this could happen to me  
Well was there somethin' I did wrong?

I know you're gone  
You've been away so long  
I know you're gone and you'll  
Never never never never never never come back on

Dad told me to forget it  
things get lost so just live with it  
I just think it's gonna get worse everyday  
Well when you need them, things go away

I know you're gone  
You been away so long  
I know you're gone and you'll  
Never never never never never never come back on

I know you're gone  
You were so wrong  
You were so wrong  
And now you're gone

Went so fast I can't believe it  
One day here the next they leavin'  
I just never thought this would happen to me  
Well was there somethin' I did wrong?

I know you're gone  
You've been away so long  
I know you're gone and you'll  
Never never never never never never come back

I know you're gone  
You've been away so long  
I know you're gone and you'll  
Never never never never never never come back Never never come  
back  
Never never come back on
