

Into The Lips Of The Earth

The Foreshadowing

No one can cease my prayer.
Silence once again
Right on my way.
You can be here beside me
Yet my innocence comes from mother earth.

And I fell like I,
Like I am underground.
I'm so alone that I could cry.
And I feel like I,
Like I am underground
I'm so alone that I should cry.
And I feel like I,
like I am underground
I'm so alone that I should die...
