

Reverie Is a Tyrant

The Foreshadowing

Absolve domine animas omnium
Fidelium defunctorum

Sleep with the nightmare of endless time
That runs more than you
And there's nothing to do
Playing with ghosts coming back home
Time pressure dictates
The rules of the games

Oh, my reverie is a tyrant
A tyrant inside me
Leads my memories
And the future is scary like me

Oh, my reverie
Is a future more scary than me
