

# The Empire

## The Forsaken

Every thought there is a plan behind  
Guardians at every path  
Secure, safe and locked up  
Your days will be counted  
The iron fist that chokes us all  
Telling which way to walk and to crawl  
The empire is growing  
Total war  
The empire is showing  
Mayhem, slaughter and gore  
Mayhem, slaughter and gore  
Your time will come  
Evil with the puppets  
Pulling the strings of your subjects  
Ending in total winter  
Blood on the hands of many innocent  
You don't care if they die  
People have to pay the price  
Total hatred aimed  
Maximum security  
Don't work without control  
Patterns of arrangements  
Won't bend one inch  
Sick of it all

Information  
Only need to know basis  
Forwards and forwards  
You tell them to move  
An empire in the shadows,  
too big for me and you  
[Lead: Holm]  
A man in your position  
Greed overflowing  
Can't conquer the world  
Even when the empire is growing  
Controller...  
Inspires anger to flow  
The illusions will turn to storm  
Evil...  
Believer...  
I know how it will end  
Exploit your power  
See the rise and fall  
Secure, safe locked up  
Your days will be counted  
The iron fist chokes us all  
Telling which way to walk and to crawl  
The empire is growing  
Total war  
The empire is showing  
Mayhem, slaughter and gore
